Volume 31 Number 1 January 1997

1 **Editorial:** International Medical Education

3 Postgraduate Training. Policy paper prepared by the Subcommittee on Postgraduate Training: Permanent Working Group of European Junior Hospital Doctors *E Borman & P O'Grady*

9 Training experiences immediately after medical school *A M Roche, R W Sanson-Fisher & J Cockburn*

17 Doctor–patient communication: a study of junior house officers *B M Cantwell & A J Ramirez*

22 Portfolio-based learning: continuing medical education for general practitioners – a mid-point evaluation *M Challis, N J Mathers, A C Howe & N J Field*

27 Rewards for teaching excellence: practice in South African medical schools *P J Olmesdahl*

33 Teaching and assessing clinical skills: a competency-based programme in China *P L Stillman, Y Wang, Q Ouyang, S Zhang, Y Yang & W D Sawyer*

41 Student identification of ethical issues in a primary care setting *D F Homenko, M Kohn, T Rickel & M L Wilkinson*

45 The Medical Skills Centre at the University of Calgary Medical School *D B Wilson & P A Jennett*

49 Special study modules: an opportunity not to be missed *R J Macnaughton*

52 Effective teaching of communication skills for medical practice: selecting an appropriate clinical context *R Sanson-Fisher & J Cockburn*

58 Cultural diversity in Australian medical education *S Klimidis, I H Minas, G W Stuart & C Hayes*

67 Continuing medical education: the question of evaluation *S Brigley, P Littlejohns, Y Young & J McEwen*

72 **Short Communication**

Certification of specialists: the Portuguese system and future relation to European Boards *A Chiado*

73 **Book Reviews**

74 **Books Received**

Volume 31 Number 2 March 1997

75 **Editorial:** Homage: Steven Abrahamson

77 Selection of medical students: an affirmative action programme *J P Collins, G R White & C D Mantell*

81 Language as a barrier to the acquisition of anatomical knowledge *P Lucas, M Lenstrup, J Prinz, D Williamson, H Yip & G Tipoe*

87 Videotaped interviewing of non-English speakers: training for medical students with volunteer clients *D Farnill, J Todisco, S C Hayes & D Bartlett*

94 Clinical skills assessment with standardized patients *J M Gómez, L Prieto, R Pujol, T Arbizu, L Vilar, F Pi, F Borrell, J Roma & J M Martínez-Carretero*

99 Acquisition of basic clinical skills in the general practice setting *J V Parle, S M Greenfield, J Skelton, H Lester & F D R Hobbs*

105 Teaching and learning in day surgery units: a UK survey *M A Seabrook, M Lawson & P A Baskerville*

109 Curriculum change: the importance of team role *D Broomfield & J Bligh*

115 Measuring knowledge and clinical reasoning skills in a problem-based curriculum *H P A Boshuizen, C P M van der Vleuten, H G Schmidt & M Machiels-Bongaerts*

122 Interviewing skills: self-evaluation by medical students *D Farnill, S C Hayes & J Todisco*

128 Audit in general practice: educating medical students *J M Morrison & F M Sullivan*

132 Does knowledge of drug prescribing predict drug management of standardized patients in office practice? *R Grad, R Tamblyn, P J McLeod, L Snell, A Illescas & D Boudreau*

138 The workload of trainees in general practice *G Weeda, A W Hunter, K H Groenier & J Schuling*

144 **ASME Abstracts**

153 **Book Reviews**

156 **Books Received**

Volume 31 Number 3 May 1997

157 **Editorial:** Medical schools without walls *A Kent*

 © 1997 Blackwell Science Ltd

159 The reform of medical education in Iran *F Azizi*

163 Predicting stress in first year medical students: a longitudinal study *S M Stewart, C Beston, T H Lam, I B Marshall, P W H Lee & C M Wong*

169 Smoking behaviour and attitudes among Australian medical students *R L Richmond & L Kehoe*

177 Basic sciences in problem-based learning and conventional curricula: students' attitudes *D M Kaufman & K V Mann*

181 Teaching of medical ethics: implications for an integrated curriculum *M H Parker, D A Price & P G Harris*

188 Skills of pre-registration house officers: gender differences reported in Norway *G Falck & G Brattebo*

190 Student feedback: influencing the quality of teaching in a paediatric module *D G Murdoch Eaton & M I Levene*

194 Pelvic manikins as learning aids *M C M Macintosh & T Chard*

197 Computer-based learning materials for medical education: a model production *G A Mooney & J G Bligh*

202 Kabisa: an interactive computer-assisted training program for tropical diseases *J Van den Ende, K Blot, L Kestens, A Van Gompel & E Van den Enden*

210 A regionalized perinatal continuing education programme: successful adaptation to a foreign health care system and language *J Kattwinkel, G Nowacek, L J Cook, J Pietrzyk, V Borkowski, O Karasinska-Urbanik, J Molicki, Z Godlewska & B Rozanski*

219 Audit and summative assessment: system development and testing *J R M Lough, J McKay & T S Murray*

225 **Short Communications**

Computer awareness among medical students: a survey *N Asgari-Jirhandeh & J Haywood*

Computer-assisted instruction in nutrition: a creative tool for medical education *M C Rodríguez, J Larralde & J A Martínez*

232 **Correspondence**

233 **Book Review**

Volume 31 Number 4 July 1997

235 **Editorial:** What can universities do to reverse the decline in the numbers of doctors entering general practice? *F M Sullivan & J M Morrison*

237 Early medical career choices and eventual careers *C Edwards, T W Lambert, M J Goldacre & J Parkhouse*

243 Primary care consultation skills training: implementing a new training programme for senior house officers in an accident and emergency department *J Dale, M Davies, K Vassant & E Glucksman*

250 The social contract challenge in medical education *D Wasylenki, N Byrne & B McRobb*

259 Language background, English language proficiency and medical communication skills of medical students *A Chur-Hansen, J Vernon-Roberts & S Clark*

264 The new Dundee medical curriculum: a whole that is greater than the sum of the parts *R M Harden, M H Davis & J R Crosby*

272 Childhood developmental examination: a novel approach to teaching *A Glaser, D Nathan & M Blair*

276 Humanizing medicine: a special study module *R S Downie, R A Hendry, R J Macnaughton & B H Smith*

281 Peer assessment feedback marking in a large medical anatomy class *D J Heylings & L A J Stefani*

287 Content validity of a trainer's report: summative assessment in general practice *N Johnson & J Hasler*

293 **Discussion**

Myth, paradox and the hidden curriculum *M Marinker*

299 **Short Communication**

Problem-based examining: a different approach to assessment *J C McLachlan*

302 **Software Reviews**

304 **Book Reviews**

 © 1997 Blackwell Science Ltd

Volume 31 Number 5 September 1997

305 **Editorial**: World Federation for Medical Education

307 Applicants to medical school: the value of predicted school leaving grades *A B Lumb & A Vail*

312 Language background, proficiency in English and selection for language development *A Chur-Hansen*

320 Problem-based learning: measurable outcomes *R E Thomas*

330 Effectiveness of problems used in problem-based learning *D J S Mpofu, D Das, J C Murdoch & J H Lanphear*

335 Teaching medical students about the appropriateness of social and sexual contact between doctors and their patients: evaluation of a programme *J H Coverdale & S H Turbott*

341 Student and patient perspectives on bedside teaching *B R Nair, J L Coughlan & M J Hensley*

347 Identifying core skills for the medical curriculum *N D S Bax & J Godfrey*

352 A core curriculum in general practice *N T A Oswald & T St J Alderson*

354 What is core? Guidelines for the core curriculum in paediatrics *D Haddad, K J Robertson, F Cockburn, P Helms, N McIntosh & R E Olver*

359 Clinical skills training: developing objective assessment instruments *H M O'Connor & R C McGraw*

364 Community hospitals and general practice: extended attachments for medical students *J Grant, A Ramsay & J Bain*

369 Can general internal medicine be taught in general practice? An evaluation of the University College London model *E Murray, C Todd & M Modell*

375 The Hampshire Depression Project: development and piloting of clinical practice guidelines and education about depression in primary health care *L Stevens, A-L Kinmonth, R Peveler & C Thompson*

380 Education in primary care psychiatry: research-based audit *A J Singleton & F R Smith*

386 The still video camera: a suitable and convenient method of demonstrating post mortem findings *N C A Hunt, D S James & A D Bull*

390 **Conference Report**

The International Conference on Problem-Based Learning in Higher Education, September 24–27 1995, Linköping, Sweden *F M Abu-Zidan*

394 **Correspondence**

395 **Books Received**

Volume 31 Number 6 November 1997

397 **Editorial**

From the Editors

399 Home, training and work: mobility of British doctors *J Parkhouse & T W Lambert*

408 Medical students' professional identity: self-reflection during the preclinical years *P M Niemi*

416 Problem-based medical education: development of a theoretical foundation and a science-based professional attitude *L O Dahle, P Forsberg, H Svanberg-Hård, Y Wyon & M Hammar*

425 Multiprofessional education in the medical curriculum *O Wahlström, I Sandén & M Hammar*

430 A medical school for rural areas *K Inoue, Y Hirayama & M Igarashi*

435 Medical problem-solving: a five stage approach in primary medical care *R J E Erasmus, P W W Coetzer & I T Hay*

440 Learning in a problem-based medical curriculum: students' conceptions *J A Hughes Caplow, J F Donaldson, C Kardash & M Hosokawa*

448 A qualitative look at practice. A comment on 'Analysis of the clinical behaviour of anaesthetists' *C Coles*

449 Analysis of the clinical behaviour of anaesthetists: recognition of uncertainty as a basis for practice *U-M Klemola & L Norros*

457 ASME Medical Education Booklet No. 1: Small group methods in medical teaching *H J Walton*

Reports

465 WFME International Session at the 1997 AMEE Conference, Vienna, 1 September 1997

468 Mainland China, Taiwan and the Hong Kong Region: the Second Medical Education Conference *S H Lee & J C K Lee*

473 Supporting the teachers. ASME Conference, London *J Young*
